

Long Span Racks

- Customized in Size
- For Medium/Heavy load
- For Manual Order Picking

Mezzanine Floor

- Customized in Size
- For Bulk Storage
- Provide Extra Floor area in Same Premises
- Totally Bolted
- Easy to dismantle & reinstall

Heavy Duty Racks

Introducing ELYUM Engineering's Heavy-Duty Pallet Racks : Elevate Your Storage Solutions

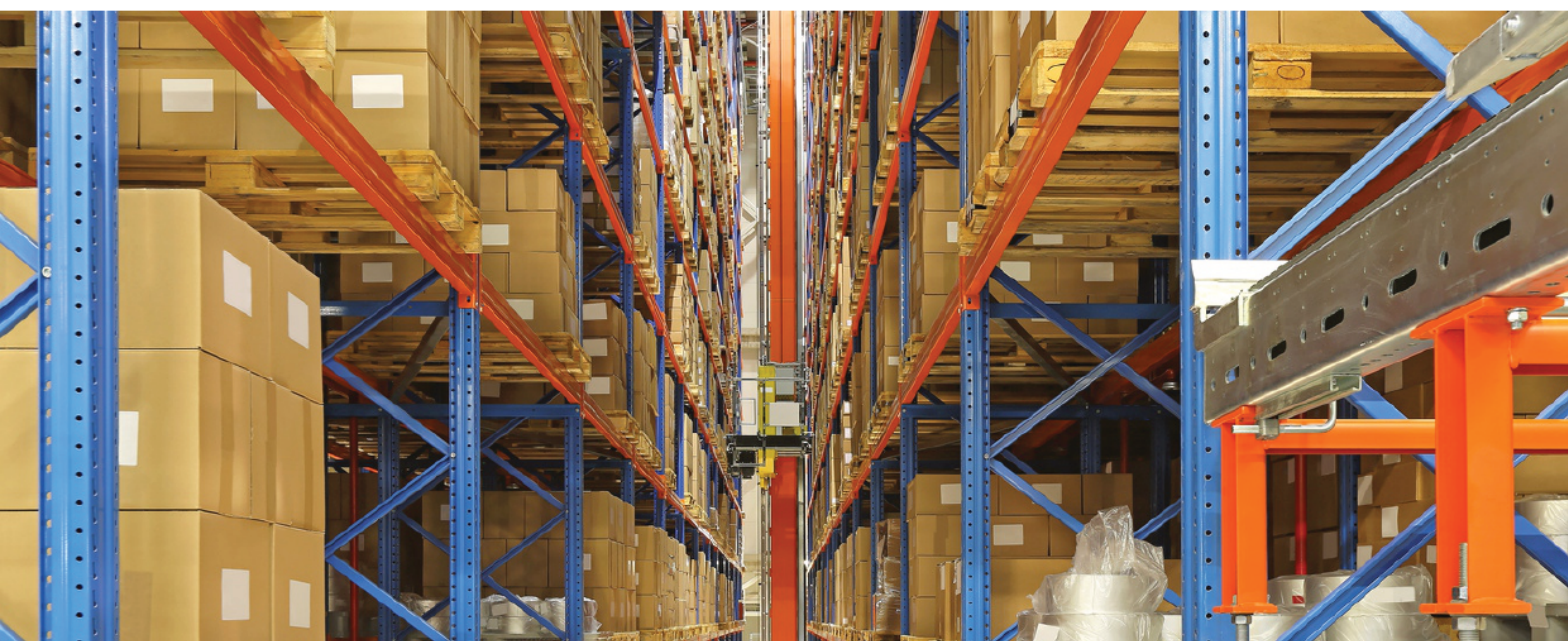

At ELYUM Engineering, we are dedicated to providing cutting-edge storage solutions that set new standards for efficiency and organisation.

Our Heavy-Duty Pallet Racks are meticulously engineered to deliver unparalleled strength, versatility, and space optimisation, catering to a wide range of storage requirements across diverse industries.

Manufacturing Excellence : With years of experience and a commitment to innovation, ELYUM Engineering excels in the precise manufacturing of Heavy-Duty Pallet Racks. Each component is expertly crafted to meet stringent quality standards, guaranteeing enduring performance and dependability even in the most demanding environments.

Preferred OEM Partner : ELYUM Engineering isn't just a manufacturer; we are a trusted Original Equipment Manufacturer (OEM) of choice. Our precision-engineered uprights, beams, and accessories serve as the backbone of numerous storage systems, enhancing operational efficiency for our partners worldwide.

When it comes to heavy-duty pallet racks, ELYUM Engineering is your ultimate partner for innovative, durable, and globally trusted storage solutions. Elevate your storage capabilities with ELYUM Engineering today!

Cantilever

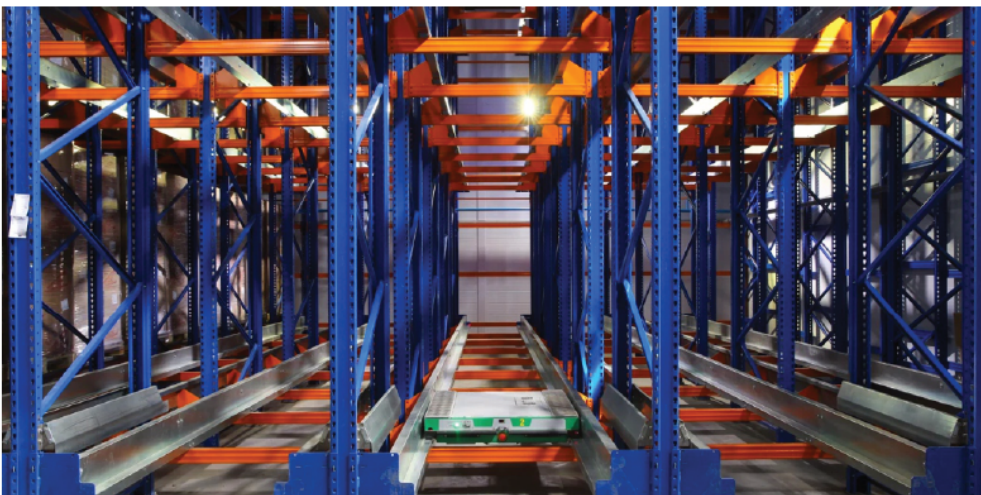

- Customized in Size
- For Long Item Storage
- Available in single/double Faced

Multi Tier System

- Customized in Size
- For Selective Manual order picking
- Provide Extra Floor area in Same Premises
- Totally Bolted
- Easy to dismantle & reinstall

Pallet Shuttle System

A self-propelled, remotely operated device that moves within the storage lanes to handle pallets.

Hand Pallet Truck

Capacity : 100 to 350 kg
Lift Height : 1800 mm

**Manual Stacker
Fixed / Adjustable**

Capacity : 1500 kg
Lift Height : 1600 mm

Drum Stacker

Capacity : 300 kg
Lift Height : 1400 mm

Semi Electric Stacker

Capacity : 1000 to 1500 kg
Lift Height : 3000 mm

Economy Electric Stacker

Capacity : 1200 to 1500 kg
Lift Height : 3500 mm

**Battery Operated
Pallet Truck**

Customised
As Per
Customer
Require

Capacity : 1500 to 8000 kg
Lift Height : 210 mm

**Battery Operated
Electric Stacker**

Customised
As Per
Customer
Require

Capacity : 1500 to 2000 kg
Lift Height : 6300 mm

**Battery Operated
Electric Stacker-Wide**

Customised
As Per
Customer
Require

Capacity : 1500 to 2000 kg
Lift Height : 6300 mm

**Battery Operated
Electric Reach Stacker**

Customised
As Per
Customer
Require

Capacity : 1500 kg
Lift Height : 5500 mm

Hydraulic Dock Leveller

Capacity :
10000 to 15000 kg

Dock Edge

Capacity : 6000 kg

Container Ramp

Capacity : 10000 kg

Mobile Dock Ramp

Capacity : 10000 kg
Lift Height : 1650 mm

**Manual Vertical
Order Picker**

Capacity : 300 kg
Lift Height : 3600 mm

**Electric Vertical
Order Picker**

Capacity : 350 kg
Lift Height : 4500 mm

Stationery Mast Lift

Capacity : 1500 kg
Lift Height : 12000 mm

Goods Lift

Capacity : 1000 to 3000 kg
Lift Height : 12000 mm

Electric Forklift - 3 Wheel

Capacity : 1000 To 2000 kg
Lift Height : Up to 6000 mm

Electric Forklift 4 Wheel

Capacity : 1500 To 6000 kg
Lift Height : Up to 7900 mm

Diesel Forklift

Capacity : 2000 to 16000 kg
Lift Height : Up to 6000 mm

LPG Forklift

Capacity : 2000 to 5000 kg
Lift Height : Up to 6000 mm

Reach Truck

Capacity : 1300 to 3000 kg
Lift Height : 10500 mm

Aisle Master

Capacity : Up To 2500 kg
Lift Height : 15000 mm

Mobile Work Platform

Capacity : 200 To 250 kg
Lift Height : 12000 mm

Self Propelled Work Platform

Capacity : 250 to 400 kg
Lift Height : 9500 mm
